

21st Century Boys and Girls Club of Metro Atlanta
Marietta Middle School
121 Winn Street
Marietta, GA 30064

To Whom This May Concern,

Janice Pettigrew the founder of Fresh Start for Women performed a workshop about abuse and peer pressure for the female students of the 21st Century Boys and Girls Club. The program used skits and discussions to explore topics that could affect them as growing young women. Mrs. Pettigrew was very open about revealing her past experiences which have allowed the students to feel comfortable about sharing their own encounters with rape, abuse, molestation, and peer pressure. The session was interactive, informative, and inspiring. Fresh Start for Women is an organization that has given our girls the venue to explore their own identity as young women, students, daughters, and future leaders in the community.

This letter serves as reference to Mrs. Pettigrew's experience working with our students. Her character and communication skills helped to make the workshop a success. Fresh Start for Women is an organization that has proven its ability to motivate young women to be their personal best.

Sincerely,

Raiko Jones
Center Director
