On behalf of Safe Haven Transitional Inc., we wanted to extend our support and appreciation to Fresh Start for Women, Inc for the wonderful work that you, your staff, and volunteers have done for the women, whom are victims of domestic violence, in our program. Your approach to coaching and mentoring, coupled with your obvious warmth and concern make those who find their way through your open door are very fortunate indeed.

We have seen such a change in our client's outlook on life by healing and renewing their spirit, developing healthy relationships, and looking toward future endeavors. Because of your caring and support they know they can achieve their goals and succeed.

We look forward to continue collaboration with Fresh Start for Women and working with all of your staff and volunteers in our efforts to stop domestic violence and break the cycle of abuse.

Sincerely,
